

THE DEPARTMENT OF CHEMISTRY IS EXCITED TO CELEBRATE ITS 2020 GRADUANDS FOR THEIR WELL-DESERVED SUCCESS;

The 2020 Graduation Ceremony marks a milestone for the Department as we graduate the highest number of Doctorates ever among other degrees:

Doctorates: 9
Graduands
Masters : 11
Graduands Bachelors:
22 Graduands

Research Groups: Thematic

- ❖ ***Computational Chemistry***
- ❖ ***Bio-prospecting***
- ❖ ***Natural Products***
- ❖ ***Environmental studies and Remediation***
- ❖ ***Nanotechnology & material Science***
- ❖ ***Micronutrients and their bioavailability from foods***
- ❖ ***Bio-analytical studies***
- ❖ ***Advances in cement studies***

Doctor of Philosophy

KATANA Chengo

MBUGUA Wachira Gerald

MARGARET Wangechi Kariuki

The three are Beneficiaries of the HEST project where Kenyatta University was competitively selected to train 31 PhDs and 23 MSc's in Chemistry and Physics. Funded by African Development Bank (AfDB)

Doctor of Philosophy

JOHN M. Kahindo

GRACE Nduta Kiriro

JOHN Akello Wakhanu

The three are Beneficiaries of the National Research Fund-Kenya, NRF Grants where their Research proposals were competitively selected for Funding.

Doctor of Philosophy

MATHEW Kipngetich Tonui

JOHN Bwire Ochola

The three are Beneficiaries of the National Research Fund-Kenya, NRF Grants where their Research proposal were competitively selected for Funding

Masters Degree

Master of Science (Chemistry)

- ❑ NASIKE Siangu Belinda
- ❑ PENINNAH Mueni Mulwa
- ❑ MURAGE Joyce Waruguru
- ❑ ADUDA A. Lucy
- ❑ MUOKI John Sila
- ❑ KAGWIRA Rose Gitonga

Master Of Science (Applied Analytical Chemistry)

- ❑ MUANJE Abdulwakil Daudi
- ❑ STELLA Karegi Peter
- ❑ KARANJA Elias Kiura
- ❑ MUTEMBETE Richard Wawire Rimu
- ❑ NDAMBO Michael Mwashighadi

The new programmes under developed include:

- ❖ MSc. (Natural Products & Bio-prospecting)
- ❖ MSc. Environmental Chemistry)
- ❖ MSc. (Industrial Chemistry)

MESSAGE TO OUR GRADUANDS

A big congratulations to all the Graduands. Graduation marks the end of a chapter, not a book. Indeed, you will soon realize that graduation means that you are ready to venture into more challenging life lessons and acquire advanced competencies and skills. Be bold when confronting the shadows of ignorance, be courageous in the face of life challenges and be your best by manifesting the highest ethical standards, discipline and integrity worthy of emulation, inspiration and positive control to the next generation of scholars and leaders.
